April is Child Abuse Prevention Month

This is a five part series for April, Child Abuse Prevention Month. The Local Coordinator at ADOM entities oversee compliance of the Safe Environment Policy and also serve as the liaison between their site and the archdiocesan administrative offices working to provide reports and information as requested by independent auditors. This is accomplished through continuous communication with the Safe Environment Officers to check status of background checks, Virtus accounts and the latest processes for running reports and numbers. If a policy changes or a process is updated they in turn need to guide, navigate and accelerate those changes on site. Especially when talking about internet safety, it is imperative we utilize the most current tools, resources and techniques at our fingertips-literally. Last year's audit report indicates over 8,000 employees, nearly 2,500 educators, 324 priests, 122 deacons, 53 candidates for ordination and over 51,000 volunteers received the adults Virtus training. Also over 43,000 children received the Virtus Teaching Boundary Safety lessons. For both the adult and the children's training every click and response is documented. For more on the ADOM office of Safe Environment's efforts please visit our website at www.miamiarch.org under the Protecting God's Children Ministry.
